

# Diagram of sympathy, sympathetic disruption, a-reflection and a-sympathy in Philosophy of Economic Behavior

Nara Rela

1. Sympathy: there is a free flow of emotions and feelings between individuals A and B

2. Sympathetic disruption: there is a break in the transfusion of emotions between individuals A and B

3. A-sympathetic relationship (a-sympathy): there is no transfusion of feelings and emotions between individuals A and B caused by a-reflection
